suaveolens, *Trametes subsinuosa*, *Trametes trogii*, *Trametes unguolata*, *Trametes varians*,
Trametes velutina, *Trametes versicolor* and *Trametes zonata*.
- 2 (Amended) The deodorizer agent described in claim 1, wherein said basidiomycete is at least one of a fungus body of the basidiomycete ~~and/or~~ and a carpophore of the basidiomycete.
- 3 (Original) The deodorizer agent described in claim 1, wherein said plant derived deodorant component is at least one plant extract selected from a group comprising of red alga plant, brown alga plant, gymnosperm and angiosperm.

4 (Original) The deodorizer agent described in claim 2, wherein said plant derived deodorant component is at least one plant extract selected from a group comprising of red alga plant, brown alga plant, gymnosperm and angiosperm.

5 (Amended) ~~The A composition for the a mouth cavity, comprising: by containing said deodorizer agent described in claim 1~~

a deodorizer agent including a plant derived deodorant component and at least one basidiomycete, the at least one basidiomycete being selected from a group comprising Coriolus hirsutus, Coriolus versicolor, Pynoporus coccineus, Phlebia radiata, Agaricus bisporus, Armillariella mellea, Lentinus edodes, Lenzites betulina, Daedalea dickinsii, Trametes acupunctata, Trametes atypa, Trametes biokoensis, Trametes blumei, Trametes campestris, Trametes carbonaria, Trametes cingulata, Trametes colliculosa, Trametes conchifera, Trametes cristata, Trametes devexa, Trametes drummondii, Trametes foedata, Trametes friesii, Trametes gibbosa, Trametes heteromorpha, Trametes hirsuta, Trametes hispida, Trametes hispidans, Trametes lactinea, Trametes mariarina, Trametes menziesii, Trametes meyenii, Trametes mollis, Trametes muelleri, Trametes obstinata, Trametes occidentalis, Trametes ochracea, Trametes orientalis, Trametes paleacea, Trametes persoonii, Trametes pinsita, Trametes proteiformis, Trametes rigida, Trametes rubescens, Trametes scabrosa, Trametes scobinacea, Trametes serpens, Trametes suaveolens, Trametes subsinuosa, Trametes trogii, Trametes unguata, Trametes varians, Trametes velutina, Trametes versicolor and Trametes zonata.

6 (Amended) The composition for the mouth cavity described in claim 5, comprising by containing said deodorizer agent described in claim 2 wherein said basidiomycete is at least one of a fungus body of the basidiomycete and a carpophore of the basidiomycete.

7 (Amended) The composition for the mouth cavity described in claim 6, comprising by containing said deodorizer agent described in claim 3 wherein said plant derived deodorant component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm.

8 (Amended) The composition for the mouth cavity described in claim 7, comprising by containing said deodorizer agent described in claim 4 wherein said plant derived deodorant component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm.

9 (Amended) ~~The~~ A food composition, ~~wherein, comprising: by containing said deodorizer agent described in claim 1~~ a deodorizer agent including a plant derived deodorant component and at least one basidiomycete, the at least one basidiomycete being selected from a group comprising *Coriolus hirsutus*, *Coriolus versicolor*, *Pynoporus coccineus*, *Phlebia radiata*, *Agaricus bisporus*, *Armillariella mellea*, *Lentinus edodes*, *Lenzites betulina*, *Daedalea dickinsii*, *Trametes acupunctata*, *Trametes atypa*, *Trametes biokoensis*, *Trametes blumei*, *Trametes campestris*, *Trametes carbonaria*, *Trametes cingulata*, *Trametes colliculosa*, *Trametes conchifera*, *Trametes cristata*, *Trametes devexa*, *Trametes drummondii*, *Trametes foedata*, *Trametes friesii*, *Trametes gibbosa*, *Trametes heteromorpha*, *Trametes hirsuta*, *Trametes hispida*, *Trametes hispidans*, *Trametes lactinea*, *Trametes mariarina*, *Trametes menziesii*, *Trametes meyenii*, *Trametes mollis*, *Trametes muelleri*, *Trametes obstinata*, *Trametes occidentalis*, *Trametes ochracea*, *Trametes orientalis*, *Trametes paleacea*, *Trametes persoonii*, *Trametes pinsita*, *Trametes proteiformis*, *Trametes rigida*, *Trametes rubescens*, *Trametes scabrosa*, *Trametes scobinacea*, *Trametes serpens*, *Trametes suaveolens*, *Trametes subsinuosa*, *Trametes trogii*, *Trametes unguolata*, *Trametes varians*, *Trametes velutina*, *Trametes versicolor* and *Trametes zonata*.

10 (Amended) The food composition described in claim 9, wherein, comprising by containing said deodorizer agent described in claim 2 wherein said basidiomycete is at least one of a fungus body of the basidiomycete and a carpophore of the basidiomycete.

11 (Amended) The food composition described in claim 10, wherein, comprising by containing said deodorizer agent described in claim 3 wherein said plant derived deodorant

component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm.

12 (Amended) The food composition described in claim 11, wherein, comprising by containing said deodorizer agent described in claim 4 wherein said plant derived deodorant component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm.

13 (Amended) The A deodorizing composition, wherein, comprising: by containing said deodorizer agent described in claim 1 a deodorizer agent including a plant derived deodorant component and at least one basidiomycete, the at least one basidiomycete being selected from a group comprising Coriolus hirsutus, Coriolus versicolor, Pynoporus coccineus, Phlebia radiata, Agaricus bisporus, Armillariella mellea, Lentinus edodes, Lenzites betulina, Daedalea dickinsii, Trametes acupunctata, Trametes atypa, Trametes biokoensis, Trametes blumei, Trametes campestris, Trametes carbonaria, Trametes cingulata, Trametes colliculosa, Trametes conchifera, Trametes cristata, Trametes devexa, Trametes drummondii, Trametes foedata, Trametes friesii, Trametes gibbosa, Trametes heteromorpha, Trametes hirsuta, Trametes hispida, Trametes hispidans, Trametes lactinea, Trametes mariarina, Trametes menziesii, Trametes meyenii, Trametes mollis, Trametes muelleri, Trametes obstinata, Trametes occidentalis, Trametes ochracea, Trametes orientalis, Trametes paleacea, Trametes persoonii, Trametes pinsita, Trametes proteiformis, Trametes rigida, Trametes rubescens, Trametes scabrosa, Trametes scobinacea, Trametes serpens, Trametes suaveolens, Trametes subsinuosa, Trametes trogii, Trametes unguolata, Trametes varians, Trametes velutina, Trametes versicolor and Trametes zonata.

14 (Amended) The deodorizing composition described in claim 13, wherein comprising by containing said deodorizer agent described in claim 2 wherein said basidiomycete is at least one of a fungus body of the basidiomycete and a carpophore of the basidiomycete.

15 (Amended) The deodorizing composition described in claim 14, wherein comprising by containing said deodorizer agent described in claim 3 wherein said plant derived deodorant component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm.

16 (Amended) The deodorizing composition described in claim 15, wherein comprising by containing said deodorizer agent described in claim 4 wherein said plant derived deodorant component is at least one plant extract selected from a group comprising red alga, brown alga, gymnosperm and angiosperm,.
